

Approved Voting Systems in Indiana
Revised August 14, 2008

Under state law, a voting system may not be marketed, sold, leased, installed, or implemented in Indiana before an application for certification of the system is approved by the Indiana Election Commission. The same restriction applies to any upgrade or change to a currently certified voting system.

Upon approval of an application by the Commission, the voting system is certified for a four year term beginning October 1, 2005 and expiring October 1, 2009.

If an application for a new voting system or an upgrade to a currently certified voting system is approved by the Commission at any time after the beginning of the four year term (in August 2008, for example), this certification nonetheless expires October 1, 2009, along with all other voting system certifications (Indiana Code 3-11-7-12; 3-11-7-15; 3-11-7-19; 3-11-7.5-4; 3-11-7.4-5; 3-11-7.5-28).

The following voting systems are currently certified in Indiana, and are listed in alphabetical order by system type and applicant name.

DIRECT RECORDING ELECTRONIC (DRE) VOTING SYSTEMS

1. Election Systems & Software (ES&S)

**11208 John Galt Boulevard
Omaha, NE 68137
Contact: Mark Manganaro: (402) 938-1399**

iVotronic DRE Voting System hardware version "number not assigned"; firmware version 9.1.4.0; software Unity 3.0.1.0 components: Audit Manager 7.3.0.0; Data Acquisition Manager (DAM), version 6.0.0.0; EDM version 7.4.4.0; Election Reporting Manager (ERM) version 7.1.2.0; ESSIM 7.4.2.0; Hardware Programming Manager (HPM) version 5.2.4.0; iVotronic Image Manager 2.0.1.0.

iVotronic DRE Voting System hardware version "number not assigned"; firmware version 9.1.7.0; software Unity 3.0.1.0 components: Audit Manager 7.3.0.0; Data Acquisition Manager (DAM), version 6.0.0.0; EDM version 7.4.4.0; Election Reporting Manager (ERM) version 7.1.2.0; ESSIM 7.4.2.0; Hardware Programming Manager (HPM) version 5.2.4.0; iVotronic Image Manager 2.0.1.0.

ACCUVOTE-OS (Model D), firmware version 1.96.6; GEMS (Global Election Management System) software version 1.18.24; with Central Count version 2.0.12 (optional)

3. Voting Technologies International

**757 North Broadway, Suite 400
Milwaukee, WI 53202
(414) 431-0180; 888-989-8683**

ScanTron ES 2800; firmware 1.0.4; software version 1.0.4.

VOTER ASSIST TERMINAL FOR OPTICALLY SCANNED BALLOTS

1. Election Systems & Software (ES&S)

**33 North LaSalle, Suite 1300
Chicago, Illinois 60602
Contact: Mark Manganaro: (402) 938-1399**

AutoMARK Voter Assist Terminal (VAT), hardware version 1.1.2258; firmware number (NA); software version AutoMARK Information Management System (AIMS), version 1.2.18.

NOTE: Approved for use with ES&S Model 100 version 5.2.0.0, ES&S Model 650 version 2.1.0.0, or Optech 3PE version 1.28/1.50.

PREVIOUSLY CERTIFIED VOTING SYSTEMS

Indiana Code 3-11-15-13.3(b) provides:

"A county may continue to use an optical scan ballot card voting system or an electronic voting system whose approval or certification expired on or before October 1, 2005, if the voting system: (1) was... approved by [the Indiana Election] Commission before October 1, 2005; and purchased by the county before October 1, 2005; and otherwise complies with the applicable provisions of [the Help America Vote Act] HAVA and [IC 3-11]. However, a vendor may not market, sell, lease, or install a voting system described by this subsection."
